

EVOHEALTH
The Future of Quality Healthcare

PRODUCT CATALOGUE 2022

EVOHEALTH's collective industry experience spans more than 40 years across various segments in the pharmaceutical and healthcare sectors including Manufacturing, Quality Control, Regulatory, Distribution as well as private and government hospital expertise. Our licenses also permit us to grant international companies access to local markets by using Evohealth as a local applicant.

EVOHEALTH is ISO9001:2015 accredited. We are approved by the South African Health Products Regulatory Authority (SAHPRA) – formerly known as the Medical Control Council (MCC) – to import, export and manufacture medication in South Africa. Evohealth is also fully licensed by SAHPRA to import, export and distribute medical devices. Also fully accredited by the South African Pharmacy Council (SAPC) and the National Department of Health (DoH).
